

Title I, II, & IV Needs Assessment Survey and Programs Evaluation

For the 2024-2025 School Year

Prep Charter High School is required by law to assess the needs of our school in Title I, II, and III federal programs. As part of that assessment, the school needs your input to help plan and design these programs for next year. Highlighted in red is a summary of the three federal programs.

Title I – Improving the Academic Achievement of the Disadvantages

Summary of Title I The purpose of Title I is to “ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging State academic achievement standards and State academic assessments.” The program provides supplemental services to children in Title I school-wide programs to improve students' academic performance.

Title II – Preparing, Training, and Recruiting High-Quality Teachers, Principals, and Other School Leaders

Summary of Title II

This program aims to increase student academic achievement through strategies such as improving teacher and principal quality and increasing the number of highly qualified teachers in the classroom and highly qualified principals and assistant principals in schools. Title II also enhances education through technology.

Title IV – Student Support and Academic Enrichment Grants

Summary of Title IV

The purpose of Title IV is to authorize flexible grants for “Student Support and Academic Enrichment” (well-rounded education, safe and healthy students, and effective use of technology).

- 1. Please read the list of ideas below and place a checkmark beside all of those you consider most important.**

Reduced Class-Size	Reading Programs
Small Group Instruction	Computer Assisted Instruction
Course Work for Teachers	Parent Programs/Workshops
